## News from Workathomefuture

There have been some changes. I have changed the blogroll homepage into a static homepage. And there are also some HTML lessons added and new links on the 301+ Free Amazing Tools page, which I will add in the side column.

[Animated name signatures, like my cat down to the right. You can make them easily by following my tips in this tutorial.](#)

[Awesome free Galleries for your website posts. Do it yourself. Here is a step-by-step training with HTML codes you can use for your own purpose](#)

[Almost every website has a go-to top button, why not make this a unique one? You can find here the code to use for it. The code has to be placed in a footer widget.](#)

[On the move with your website. Do you know you get 150% more attention when you share animated banners? Here is how you do that](#)
